

## 10-35 kVA High Ambient Vision Range

The Gentec fully weatherproof sound attenuated (SA) enclosures reduce sound levels to comply with the new European Community regulations 2000/14/EC which became effective on 1 January 2002.

They provides the benefit of increased ease of installation and serviceability, all within a compact footprint.

### Modular Acoustic Enclosure

#### Highly Corrosion Resistant Construction

- Black zinc die cast hinges tested and proven to withstand extremely corrosive conditions
- Zinc passivated and stainless steel fasteners
- Body made from sheet steel components with polyester powder coating at 200°C (392°F)

#### Excellent Access for Maintenance

- Vertically hinged side doors allowing 180° opening rotation
- Front and rear “lift-off” access panels
- Radiator fill access through cover in canopy roof
- Lube oil drain and radiator drain

#### Security and Safety

- Perspex control panel viewing window in a lockable access door
- Emergency stop button mounted on canopy exterior
- Cooling fan and battery charging alternator fully guarded
- Fuel fill and battery can only be reached via lockable access doors
- Exhaust silencing system enclosed for operator safety

#### Transportability

- Lifting points on baseframe

## SOUND PRESSURE LEVELS (dBA)

Generating Set Model	50 Hz at 1500/3000 RPM								60 Hz at 1800/3600 RPM
